More e-learning courses are available in the [EUIPO Academy Learning Portal](#).

PROOF OF USE E-LEARNING COURSE

The Proof of Use e-learning course is finally [here](#)!

This course covers both procedural and substance issues and provides a general overview of the legal framework and the EUIPO's practice for opposition cases involving a request for Proof of Use under (including the assessment of the evidence submitted).

The structure of the e-learning is divided into 8 highly interactive modules including supporting material (e.g. images, videos, webinars, articles, real, practical examples etc.) with a total of approx. 8 hours.

Though proof of use, both in terms of procedure and substance, could be considered 'likely confusing', by following this course, students will gain a better understanding of the issues related to proof of use in opposition proceedings.

So the big question is, **to Use or not to Use?** Please take the course and find out!

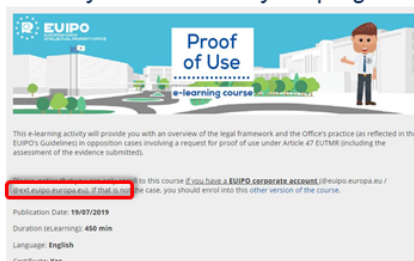

TIPS & TRICKS

Make the most of Academy learning resources

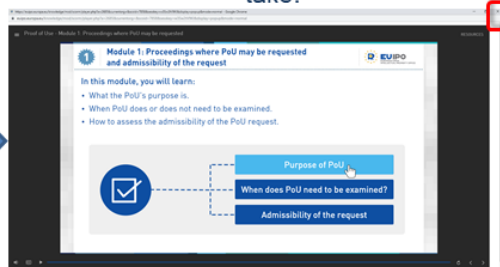

How to save your learning progress

Some courses are quite long, so you may need to save your progress.

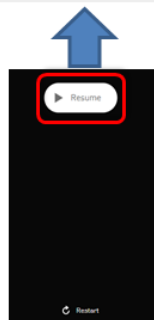

First, click on the learning module you want to take.

Then, if something urgent comes up, or if you just need a break, press  to close the module.

By doing this, your **progress** will always be **saved!**

When you open the module again, you will be prompted to resume from the point you had left off.

Any issues? Contact us at: Academy@euiipo.europa.eu.

Many thanks to all the speakers who kindly contribute to the delivery of Academy activities.
